want of medical aid at Amritsar is much felt by the people; but the Senior Surgeon is opposed to the appointment of a native Pandit on Rs 12/- per mensem to supply the want, as resolved by the Dist'd Board & agreed to by the President.

The suggestion of the Senior Surgeon may, if appd, be communicated to the President of the Dist'd Board with a request that the matter may be placed once again before the Board for a resolution as to whether they prefer a native Pandit or a L.M. dispensary. The latter institution will throw greater cost on the Dist'd funds & necessitate perhaps also the increase of the no: of Hospital Asts by one.

The proposal is not acceptable financially. There is nothing special in the Estimates for the Coorg year & the Budget represents the normal position which is one of "deficit". The revenue has ever been somewhat overestimated & of the whole of the expected increase of Rs 6000 under 'House Tax' is not realised the deficit will be larger than that anticipated in the Budget. The portion of the expenditure under 'A' & 'B' that is probably regarded as non-recurring is that on new works but some new works will be found necessary every year and tho' the items of work may vary, a certain amount of expenditure on new works is constant & should be taken as recurring. The expenditure on repairs & establt ('A' & 'B') is obligatory & recurrent. All the charges under 'C' are practically of a permanent character and are not susceptible of reduction. In these circumstances the financial position of the Bd is unsound. Half the balance has been drawn upon to
